Blind Creek Announces Letter Agreement with BCGold Corp. and Results of AGM

October 18, 2013

Vancouver, B.C. – Blind Creek Resources Ltd. (TSXV:BCK) (the "Company," or "Blind Creek"), announces that it has entered into a Letter Agreement with BCGold Corp. ("BCGold"). The Company also advises that it held its annual general meeting of shareholders on October 17, 2013.

Letter Agreement

The Company entered into a Letter Agreement with BCGold to option nine mineral claims that are part of its Wann River Project that border BCGold's historic Engineer Mine and Gold Hill properties on Tagish Lake, 32 km west of Atlin, British Columbia (the "Claims"). The Claims are known to extend onto several high-grade gold veins and broad, gold-bearing shear structures previously defined by BCGold on the Engineer Mine and Gold Hill properties. By consolidating the Claims with BCGold's Engineer Mine Area, the Company becomes a stakeholder in BCGold's exploration and development of this now-contiguous land claim.

Under the terms of the Agreement, BCGold has the option to earn a 100% interest in the Claims over four years through the issuance of 1.25 million BCGold common shares, staged cash payments of \$225,000, and incurrence of \$400,000 in exploration work expenditures. Blind Creek will retain a 2% net smelter return on the Claims, which can be reduced to 0.5% by BCGold for a price of \$1.5 million.

"Blind Creek is very pleased to be working with BCGold and to play a part in the Engineer Mine project," commented Frank Callaghan., President and CEO of Blind Creek. "This association will benefit all our stakeholders as we work to advance Blind Creek's exploration programs."

Rees, and Thomas Kennedy as directors for the ensuing year; to reappoint BDO LLP as the Company's auditors for the ensuing year and authorized the directors to fix the auditor's remuneration; and approved the Company's Stock Option Plan.
